Dear Sir/Madam,

Hope this letter finds you well. I am writing to express my strong interest in the Software Engineer position at your company. I am graduating in April 2024 from ICFAI University, pursuing a Bachelor's in Technology in Computer Science & Engineering with an excellent academic record. I am looking for full-time permanent positions with an esteemed organization that allows me to employ my abilities to meet company vision and mission.

My exceptional coding skills, evident from a top 0.05% global coder ranking, achieving Codeforces global rank of 13, AIR-2, and a 5-star Codechef rating, reflect my commitment to technical excellence.

My nearly year-long SDE internship experience has equipped me with practical insights into software development and complex problem-solving. With over 4000 problems solved (1400+ problems on LeetCode), I consistently strive to enhance my capabilities.

Beyond technical accomplishments, I have mentored 1500+ individuals in DSA and Competitive Programming, fostering collaborative learning.

I am excited about the possibility of contributing to your company in innovative projects.

Please find my resume attached. I look forward to discussing how my skills align with your team's objectives.

Thank you for your consideration.

Sincerely,

Anurag
